CornerStonePublicationsPk

Corner Stone is an upshot of inmost research and study by conversant scholars and highly qualified academic intelligentsia. Cornerstone is the very first stride in Pakistan in the early childhood education sector to meet the international standards of 21st century. Our vision isto introduce the latest, technical and scientifically tested and approved trends and approaches in Early Childhood Teaching and Learning process in Pakistan.

Corner Stone, an international brand is the result of collaborative effort of Global Montessori Coaching Institute and consultation with experienced Scholars, highly accomplished and experienced writers, expert educational researchers and child psychology specialists. Corner stone is the only publication brand in Pakistan providing text books along with globally recommended audio-visual aids, online and offline educational apps and games as well as instructive toys and CDs. Visualizations and graphics are designed by highly proficient designers, editors and design psychology consultants keeping in view the neoteric mind development techniques. We provide study material for students and teachers based on latest and applied taxonomies of learning for those who are conscious and aware of what to have and whatnot, and for those having a strong and clear vision for the future of their children.
